

Pulaski Technical College Ottenheimer Library
Art Exhibit Proposal

Pulaski Technical College Ottenheimer Library accepts exhibit proposals throughout the year. The Twin City Bank exhibition space includes a large, lockable, glass display cabinet and three separate standing display cases. Each display case has a plexi-glass cover in order to protect the items. The Bank of the Ozarks exhibition space is a large area with a track hanging system along the walls.

Original 2- or 3-dimensional artwork created by Pulaski Technical College faculty and students will be considered for the display. Exhibits will be selected by Library display committee.

Artists are required to submit proposals, resumés (including name, address, telephone number, and email information), and either slides, digital CDs, or catalogues to:
